Horizontal geometry

(a) Latitude-longitude

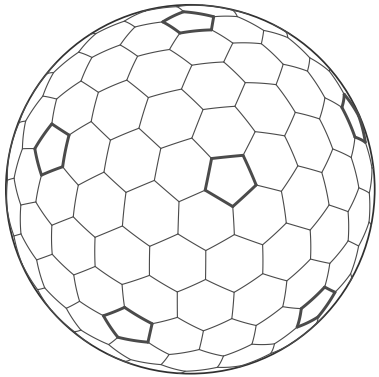

Regular latitude-longitude

(b) Cubed sphere

Equiangular gnomonic

(c) Icosahedral dual

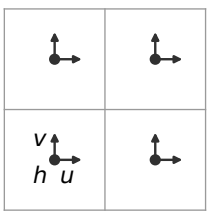

OASIS · pentagons outlined

Variable staggering

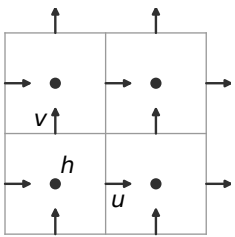

Independent local schematics

(d) A grid

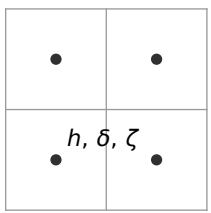

Scalar and velocity collocated

(e) C grid

Normal velocity at cell faces

(f) Z grid

Scalar, divergence and vorticity collocated

Velocity reconstructed

● Stored scalar(s)

→ Stored velocity component
